OUR BACKYARD TRUST

COASTAL CLEAN UP PROJECT

15TH OCTOBER 2023

Our Backyard Trust, Stoney Creek and Tauranga Sport Fishing Club are proud to bring back the Coastal Clean Up Project on the 15th of October 2023. This follows a huge success at the first-ever Tauranga Clean Up project with an army of volunteers and other local businesses combining forces to remove over 5 TONNES OF RUBBISH from the area. This included abandoned vehicles and harmful rubbish that was leaching into the Harbour Waterways.

With the support of our proud communities, we continue to keep doing our bit to protect our own backyard. All with the purpose of improving our waterways, marine life and on-going protection of our valuable natural resources, for future generations to come. This includes continuing to host this clean up and upcoming events like this across the country.

The project will be funded by donations from key sponsors, local businesses and families, as well as receiving generous funding generated from the Calcutta Jackpot being run at the 2023 Stoney Creek One Base Fishing Tournament in March.

We are looking to continue to build teams of volunteers, team leads and supporters for the current and future projects across New Zealand.

Will you help us make the 2023 Coastal Clean Up Project bigger and better?
